They belong to the Falcons' Nest of Coaches, an organization created in 1984 for the purpose of promoting the proud tradition of Bowling Green Falcon football. Through the development of student and graduateassistant programs at Bowling Green, most of these coaches got their start at this Mid-American Conference institution. They've studied and matured under the coaching philosophies of Warren Steller, Robert Whittaker, Dovt Perry, Bob Gibson, Don Nehlen, Denny Stolz and Moe Ankney, to name a few. Today, they are making a name for themselves and for their respective football programs around the country. Though they may be miles apart, they share at least one thing in common. They are members of a fine football coaching fraternity at Bowling Green State University, the Falcons' Nest of Coaches.

#### **GARY BLACKNEY**

Gary Blackney got quite a birthday present this year - a present he had paid his dues to receive. Five days prior to his 46th birthday, December 5, 1990, Blackney was named the 14th head football coach in the 72-year history of the program at Bowling Green State University.

Blackney has more than paid his dues having made stops at seven different universities from one side of the map to the other covering 24 years of coaching on the collegiate level. All 24 years were spent as an assistant until BGSU Athletic Director Jack Gregory changed that in early December.

The new BGSU mentor has helped get some of the top programs in the country to where they are today including UCLA, which played in the Fiesta Bowl in Blackney's first season there, Syracuse and Ohio State.

Blackney comes to the Falcon program after spending the last seven seasons at Ohio State where he coached the defensive backs for one season (1984), was the defensive coordinator for three seasons (1985-87) and coached the inside linebackers and the special teams the last three seasons. During Blackney's coaching tenure the Buckeyes played in four bowl games, including the 1985 Rose Bowl, and compiled a 53-27-3 record. OSU earned the Big Ten title in 1984

Blackney's 1986 defensive unit led the Big Ten in scoring defense and was fourth in the nation in turnover margin. OSU was ranked in the top 10 of both wire service polls in 1986.

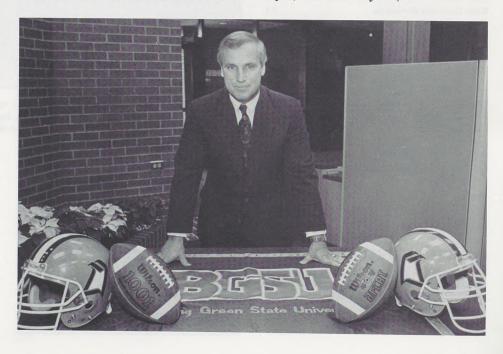

The Plainview, New York native began his coaching career at his alma mater, Connecticut, in 1967 where he spent three seasons. Blackney earned his undergraduate degree in education from Connecticut in 1967 and one year later received his master's in physical education while also coaching. He was a running back for head coach Rick Forzano at Connecticut during his playing days starting as both a junior and senior.

In 1970 he moved to the Ivy League where he coached the defensive backs for three seasons at Brown. From there he spent two seasons as the offensive coordinator while coaching the

quarterbacks and running backs at Rhode Island. In 1975, he began a three-year stay at Wisconsin where he coached the defensive backs for two seasons (1975-76) before being named the defensive coordinator for the 1977 season.

The next stop for Blackney was the West Coast where he worked with the defensive backs at UCLA. Kenny Easley earned consensus All-American honors at defensive back under Blackney's tutelage. Following his stint at UCLA, Blackney joined Dick MacPherson at Syracuse in 1980 where he spent four seasons coaching the defensive backs while helping get the Syracuse program back in the national limelight. Blackney also served as the recruiting coordinator for one season while at Syracuse.

# A New Direction Has Created Optimism for '91

With anything new comes a certain amount of excitement and anticipation.

For example, a new car, a new house, a newborn child, or a new bike.

The same can be said for the 1991 football season at Bowling Green State University where there is an air of excitement and anticipation because of the coaching change that has former Ohio State assistant coach Gary Blackney in charge. In addition, most of his staff is new to BGSU and with that comes new ideas.

"We've (the coaching staff) done a lot of work in the area of attitude since I've been here," Blackney said. "I believe attitude plays a big role in the success of a team. This team has as good an attitude as any team I've been around while they have done a good job adjusting during the transition period, which will continue through the early part of the fall."

Fourteen returning starters, including eight on defense, from a team that was close to compiling the program's first winning record since 1985 will provide the nucleus for Blackney's first team.

However, there are concerns for the upcoming season, which begins August 31 against MAC foe Eastern Michigan, the earliest start by a BG football team since 1945. The area hardest hit by graduation was the linebacking corp where the top three inside linebackers, starters Duane Crenshaw and Dal McDonald along with Doug Atkin, must be replaced as well as one outside spot where team MVP Keith Pace was one of the best in the MAC last season. On offense, the blocking, passcatching and leadership of tri-captain Pat Jackson will be hard to replace. Maybe the biggest question mark entering the fall is the status of the punting game where a replacement for Cris Shale, who led the nation last season, will have to be

A veteran defensive unit will be the backbone of the team. It would be hard to think the defensive corp could be any better than last year's group which was 15th in the nation in scoring defense. But, Blackney believes they have a chance to be one of the best in school history.

"Our defense should be the cornerstone of the team," Blackney said. "Potentially, they have an enormous amount of talent and could be one of the best units in the country."

There are more question marks offensively where a veteran offensive line should help keep the heat off junior quarterback Erik White while creating the holes for a deep and talented trio of tailbacks.

"The offense should get better as we go through the season and the players gain a better understanding of our system."
Blackney said. Also, the more experience
Erik White gets the better he'll be.

"We're solid at running back with three good ones in LeRoy Smith, George Johnson and Zeb Jackson while Mark Szlachcic is one of the top receivers in the league."

Blackney and his staff accomplished much of what they set out to do in the spring, without losing any players to serious injury, making the look for the fall a positive one.

"The team had a very good work ethic and attitude during the spring," Blackney said. "Our job now is to carry that over to the fall"

A position-by-position look at the 1991 Falcons follows:

#### -THE OFFENSE-

#### (6 Starters Return/19 Letterwinners Return)

The Falcon coaching staff will look to rejuvenate an offense that had been one of the best in the MAC the last few years, but struggled to put points on the board last season. BG was last in the league in total offense, rushing offense and scoring offense. But, with a player at all but one skilled position returning, the offense could get back to its old form.

At quarterback, the top two players from last season return in junior ERIK WHITE and senior PAT GUCCIARDO. White took a majority of the snaps last season and will be the #1 signal-caller as the fall begins. White, more a pocket-type quarterback, completed 127 of 262 attempts last season for 1,386 yards. Five of his completions went for touchdowns while he had 12 passes intercepted. White did have the top passing yardage game in

the MAC last season with a 299 yard effort against Western Michigan in the final game of the season.

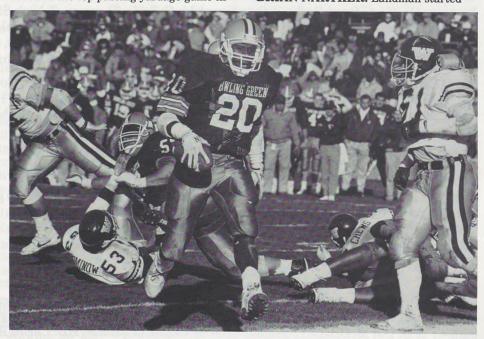

Gucciardo, who has more mobility than White, completed 15 of 37 attempts while getting one start. Also figuring in the quarterback battle will be a quartet of players, juniors PAUL SEELEY and DAVE HANKINS, along with red-shirt freshmen RANDY HECKLINSKI and KEITH CREECH, none of which have any game experience.

Whoever gets the call at quarterback, they will be throwing to one of the top receivers in the MAC in junior MARK SZLACHCIC. Szlachcic was second in the league averaging 4.6 catches per game last season, which was also good for a tie for 40th in the country. Szlachcic averaged 12.7 yards on 46 catches a year ago.

One of the key factors in the passing game this season is to get more production from the flanker position which produced just 16 catches last season allowing opposition defenses to focus their attention on Szlachcic. DAVE HANKINS caught half of those 16 passes but will be vying for playing time at quarterback, a position he played in high school, this year.

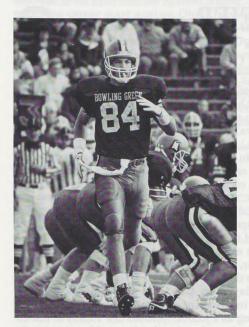

Other players who figure to make an impact at one of the wide-outs include redshirt freshman RAMIER MARTIN and sophomores DARNELL STATEN and MIKE DOSTALL.

Despite the loss of three-time Academic All-American Pat Jackson, the tight end position is in good hands with the return of senior **BRETT LANDMAN** and junior **BRIAN NARTKER.** Landman started

Tailback George Johnson (#20) led the team in rushing last season as a freshman.

#### **OUTLOOK**

#### Mark Szlachcic (#84) is the top returning receiver in the MAC.

three games during the 1989 season and saw a considerable amount of playing time last season when the Falcons used a two tight end set. Landman caught nine passes last season for 108 yards and one touchdown. Nartker has played sparingly during his first two seasons. Sophomore BRAD LONG and freshman RYAN McELROY also figure to get a look from the staff.

The Falcons are deep and talented at the tailback spot where three returning letter-winners will battle it out. Sophomore **GEORGE JOHNSON** ended last season as the starter rushing for 427 yards, a 4.1 average, the best on the team. Johnson burst on the scene last season in the opening game of the year rushing for 107 yards against Cincinnati in just two periods.

Junior **LeROY SMITH** was the incumbent at tailback when the 1990 season began, but his season was punctuated with injuries that slowed him to just 409 yards. As a freshman, Smith set a BG mark for first-year players rushing for 564 yards while finishing third in the Freshman of the Year balloting in the MAC.

Sophomore **ZEB JACKSON** got his first taste of collegiate football last season rushing for 125 yards as the backup to both Johnson and Smith. He will be given an opportunity to win the starting job this fall along with the other two returning ball carriers.

The fullback position is one of the most wide open spots on the team. Last year's starter Jim Howell graduated and a replacement must be found. Maurice Coles, who was Howell's back-up last season will not be with the team this year either.

That leaves the position to juniors CHRIS BEIER, who rushed for 20 yards last season, TONY LEE (Wooster, Ohio), who was the #1 fullback until injuring his knee last spring causing him to miss the

entire 1990 season, or sophomore DAVE ROTTINGHAUS.

Up front, the coaching staff got good news when senior BRIAN SHERMAN was granted another year of eligibility after coming over to BG from Wittenberg in 1987, where he did not play. Sherman will anchor the line from the center position where he played his first two years in the program. Junior STEVE BOSKO and sophomore NICK MARTIN head into the fall as the guards, but will have to battle some talented returning players to hold onto their positions.

The tackle positions should provide some of the best competition on the team as seniors NICK SIMS and MATT KREGEL battle it out on one side while junior PETE KOWALSKI and freshman JASON PETERS decide who the starter is on the other side. Junior PAT DUTSON and sophomore JOE WYSE could also be factors.

#### -THE DEFENSE-

#### (8 Starters Return/18 Letterwinners Return)

The defense should be the cornerstone of the team with depth and talent returning at almost every position from a team that exhibited a bend but don't break philosophy, something Blackney would like to see them get away from. BG was 49th in the country in total defense, yet was 15th in points allowed.

The strength of the defense should be in the secondary where the top eight players from one year ago all return led by senior strong safety **TERRY WILSON**. The three-year letterwinner was second on the team with 104 tackles last season while picking off four passes. The first team All-MAC selection also established himself as one of the top special teams players in the conference finishing third in kickoff returns with a 26.1-yard average while blocking five extra point/field goal attempts during the course of the year.

One of the top interceptors in the country, junior **DAVE BIELINSKI**, who was tied for ninth in the nation with six "picks" last season, returns at the other safety spot. Bielinski led the Falcons to their highest interception total, 17, since 1987 while tying for the MAC lead in the category.

The returning starters at the corners are juniors CARLOS BROOKS, who had four interceptions last season, and KEN BURRESS. The backups at all four secondary positions also return and will push the incumbents for playing time.

The line returns almost intact led by first team All-MAC nose guard **MARK ROSS.** Ross, a three-year letterwinner, was fifth on the team with 95 tackles last season, five of those for losses.

Four players return at the tackle positions headed by senior starters STEVE WILBOURNE and PAUL HARRIS. Wilbourne was eighth on the team in tackles while Harris was sixth with the two combining for nine stops for losses.

Wilbourne is a three-year letterwinner while Harris has earned two monograms.

They will be backed up by sophomore BOB DUDLEY and junior JERRY BEATTIE.

The linebacking corp, which helped the Falcon defense record their lowest points allowed total since 1981, was the hardest hit by graduation losing four of the top five players. But, the position was also one of the deepest on the team meaning the cupboard was not left bare. In fact, the position will be one of the strong points on the team again.

Senior **D.J. OGILVIE** returns at one of the outside linebacking positions while junior **KEVIN O'BRIEN** will be at the other outside position. Senior **MIKE CALCAGNO** will move from the outside to one inside spot while freshman **VINCE PALKO** looks to be the best bet on the other side.

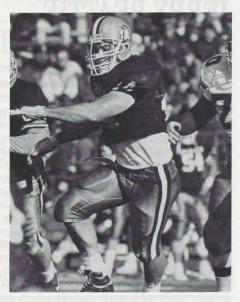

Other top returning candidates at the positions are seniors TODD CURRENCE and MATT ZELINA, junior TONY PARNELL and sophomore MATT MAHANEY. Parnell injured his knee in the spring, but is expected to be back at full strength in August.

#### -SPECIALISTS-

#### (1 Kicker Returns/1 Kicker Lost)

One of the main points of emphasis for the coaching staff during spring practice was to solve the problem at the punting position. BG must replace Cris Shale, the NCAA punting leader last season and a selection to five All-America squads. At this point, the punter will have to be someone on the present team after the coaching staff was unable to secure a punter during the recruiting process.

The place-kicking duties will be handled by senior TODD POWELL, who got his first collegiate experience last season and responded by making nine of 12 attempts, including all four between 40 and 49 yards. Powell is backed up by freshman BRIAN LEAVER. BG's long-snapping duties will once again be handled by junior CHRIS HENWOOD.

Senior Mike Calcagno (#44) moves to an inside linebacking spot this season.

#### ATHLETIC FITNESS CENTER

Bowling Green's success on the field depends, in part, on how hard the Falcons work away from the field during the off-season. So, during the winter, spring and summer, the BGSU Athletic Fitness Center has become a second "home" for members of the Falcon football team.

The 5,800-square foot fitness center is located on the west side of Doyt L. Perry Field. Since its opening in 1988, the fitness center has helped the Falcons reach their potential for strength and conditioning.

The facility offers everything from free weights and Nautilus equipment to an open mat area for general fitness and agility exercises. Office space, restrooms and lockers are also available.

# DOYT L. PERRY FIELD

Bowling Green holds the MAC record for single-game attendance (33,527).

Doyt L. Perry Field, with its 30,000-plus seating capacity, is celebrating its 26th year as the home of Bowling Green State University football.

Built in 1966 for approximately \$3 million as a replacement for the 43-year-old University Stadium, Perry Field had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Field holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33, 527 packed into Perry Field for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Field in November. More than 28,000 fans turned out that day, raising Bowling Green's season attendance to an all-time high 112,000, an average of 22,400.

Perry Field is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic

Department offices. The west side received a face-lift three years ago. A physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Field are the Falcon Club offices and clubhouse, the academic affairs office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 12th year of operation, the

Stadium Club's 106 theater-type seats, which are all sold, provide loyal BGSU fans with a fine view of the game. The President's Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olscamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Field, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won almost 65 percent of their home games, compiling a 76-42-5 record in the 123 games played at Perry

BGSU students catch the spirit of Falcon football.

## DOYT L. PERRY FIELD

Field. Over the last eight seasons, Bowling Green is 27-9-3 at home for a .731 winning percentage.

A multi-purpose facility, Perry Field has also hosted concerts, NFL exhibition games, and major soccer tournaments.

Perry Field is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, according to James Van Valkenburg, director of statistics for the NCAA, only two coaches on the Division 1-A list are above that figure - Knute Rockne at .881 (Notre Dame) and Frank Leahy at .864 (Boston College and Notre Dame).

Perry, 81, known for his well-organized practices and attention-to-detail meetings, never stopped thinking of ways to succeed. He was a winner in football and as a high school basketball coach. His basketball teams were 161-35 over nine seasons and his high school track teams won 70 county titles in nine years.

"First, I always tried to get the best assistant coaches possible," Perry said of his success. "Then we sought to eliminate mistakes as far as possible."

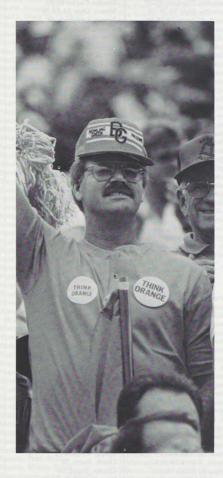

After stepping down as Bowling Green's head football coach in 1964, Doyt Perry remained as the BGSU athletic director for six years.

# DOYT PERRY 1988 College Football Hall of Fame Inductee

Doyt Perry

The year 1988 will be fondly remembered by Doyt Perry, the former player, coach and administrator at Bowling Green State University.

In January of '88, he learned that he would be an inductee into the National Football Foundation's College Football Hall of Fame.

In October, when Bowling Green hosted Miami at Doyt L. Perry Field, the man in whose honor the stadium was named was there for a special oncampus presentation by the National Football Foundation.

In December, Perry was in New York for the Foundation's Hall of Fame Dinner. He was officially enshrined into the College Football Hall of Fame at Kings Island, OH, the following June.

Perry's association with BGSU dates back 60 years when, as a student he lettered nine times in three sports (football, basketball and baseball). The

Croton, OH, native received his degree in 1932 and began coaching on the high school level before becoming an assistant football coach at Ohio State University in 1951.

Perry returned to his alma mater as head football coach in 1955. The next 10 years, he led the Falcons to a 77-11-5 record for a winning percentage of .855, topped only by Knute Rockne and Frank Leahy of Notre Dame. His teams won five MAC Championships and the national college division championship in 1959.

Perry, who retired from coaching in 1964 to become BGSU's athletic director for six years, developed such outstanding coaches as Jim Young of Army, Bill Mallory of Indiana, Don Nehlen of West Virginia, Larry Smith of Southern California, and the late Dave McClain of Wisconsin.

## A PROUD PAST

Bowling Green State University celerates its 73rd season of intercollegiate football in 1991, and if it keeps with tradition, the '91 season will be another successful one.

At the dawn of a new decade, one needs to look no farther than the 1980s to see that Bowling Green continues to uphold its reputation as a Mid-American Conference football power. Only Central Michigan had a better MAC record than BG's 57-28-2 mark in the 1980s.

The Falcons' success on the football field has mirrored a high level of achievement in all BGSU sports the last nine years. The Falcons have won 23 titles since 1980, 19 in the MAC and four more in the Central Collegiate Hockey Association. Twenty-three teams have gone on to post-season play in the NCAA, NIT and in the California Bowl, including Bowling Green's 1983-84 hockey team that won the NCAA Division I Championship.

Great football coaches over the years have roamed the sidelines at BGSU, men like Warren Steller (1924-34), Robert Whittaker (1941-54), Doyt Perry (1955-64), Bob Gibson (1965-67), Don Nehlen (1968-76), Denny Stolz (1977-85), Moe Ankney (1986-90) and now Gary Blackney. Falcon football teams have captured eight MAC Championships since Bowling Green joined the conference in 1952. Bowling Green's 71-year football record is 362-236-50, meaning the Falcons have won 60 percent of their games throughout history.

Bowling Green has made two trips to the California Raisin Bowl in 1982 and 1985. Only BGSU and Toledo have made

All-American Bernie Casey (1958-60)

the trip twice to Fresno, CA, for the Cal Bowl.

Bowling Green's proud past also includes the NCAA College Division Championship and the school's first perfect season (9-0) in 1959. The next season began one of the finest decades in all of college football. From 1960 through 1969, the Falcons won 71 games, lost 22 and tied two for a winning percentage of .758. Among the nation's major colleges, only Alabama, Texas, Arkansas and Mississippi produced better records than Bowling Green during the 1960s.

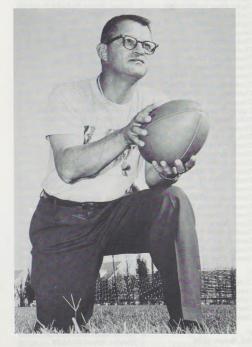

Eleven Bowling Green players from that period went on to the National Foot-ball League, including All-Americans Bernie Casey and Mike Weger. Jamie Rivers and Bob Reynolds played a combined 20 seasons in professional football.

Nearly 100 former Falcons have been drafted by and/or played for a professional football team. Several BG players dot today's NFL rosters, including Doug Smith, an all-pro lineman with the Los Angeles Rams, and Martin Bayless of the San Diego Chargers. Four players the last two years have been drafted by NFL teams including Cris Shale who was a Washington Redskin draft pick in 1991.

Bowling Green has developed the reputation for turning out fine coaches, as well as fine players. Some of the nation's best coaches have Bowling Green ties, as evidenced by the many names associated with the Falcons' Nest of Coaches, an organization of high school, college and professional coaches. Doyt Perry, of course, is still recognized as one of the winningest coaches of all time with a 77-11-5 record over 10 seasons. Perry was inducted into the College Football Hall of Fame in 1988. (See page 39 of this media guide.)

Bo Schembechler, the former Michigan coach, was a BGSU assistant coach in 1955. Indiana's Bill Mallory was both a graduate assistant and assistant coach here. Bowling Green graduates now serving as head coaches at the Division I-A level include Jerry Berndt '62 at Temple, Don Nehlen '58 at West Virginia, and Larry Smith '62 at

Southern California.

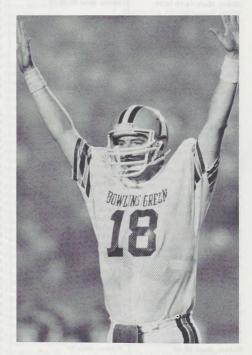

Hall of Famer Doyt Perry (1955-64)

# Cris Shale

Punter Cris Shale became the most decorated player to ever wear the Brown and Orange in 1990 earning a spot in five All-America teams while establishing four MAC records, including season (46.77) and career (43.09) average. For being selected to the Associated Press All-America team, Shale was invited to Ft. Lauderdale, Florida for the taping of the Bob Hope Christmas Show (photo at left), which annually presents the All-America team as one of the segments on the show. Shale was a 10th round draft pick of the Washington Redskins in 1991 draft.

# SPIRIT & TRADITION/GAME AWARDS

# Alma Mater

Alma Mater hear us, As we praise thy name Make us worthy sons and daughters Adding to thy fame.

Time will treat you kindly Years from now you'll be Ever dearer in our hearts, Our University.

From your halls of ivy To the campus scene, Chimes ring out with gladness From our dear Bowling Green.

When all is just a mem'ry Of the by-gone days, Hear our hymn dear Alma Mater As thy name we praise.

# **Retired Jersey**

The only football jersey ever retired at Bowling Green is #29. It was worn by Paul Miles from 1971-73, when he rushed for 3,239 yards and 25 touchdowns. He was a three-time All-Mid-American Conference running back, gaining more than 1,000 yards in each of his three years on the varsity.

# Ay Ziggy Zoomba Bowling Green's unofficial fight song.

Bowling Green's unofficial fight song. (The official fight song is "Forward Falcons"). No one knows who wrote "Ay Ziggy Zoomba," but it became famous nationally when former Falcon All-American and Detroit Lion All-Pro halfback Mike Weger sang it in the film, "Paper Lion." The Falcon football team traditionally sings "Ay Ziggy Zoomba" after each victory.

# Frieda & Freddie Falcon

Frieda Falcon and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU Cheerleaders, Frieda and Freddie boost

spirit at intercollegiate athletic events. Tryouts are held each spring, and the winners remain anonymous to the student body until each is beheaded at the last home hockey and basketball games. The Freddie Falcon tradition began in 1950 while Frieda Falcon was added in the 1979-80 athletic year.

# Why The Falcons?

The 1991 season marks the 64th anniversary of Bowling Green's nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake '23 suggested the nickname, Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the BG Sentinel-Tribune at the time, proposed the name change because it fit headline space and because falcons were "the most powerful bird for their size and often attacked birds two or three times their size."

# Why Orange and Brown?

Burnt Orange and Seal Brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman's hat on a bus trip to nearby Toledo, OH. He liked the brown and orange color combination.

The Anniversary Award is held by (l-r) BG Coach Moe Ankney, Quarterback Rich Dackin, Linebacker Erik Johnson, and BG Athletic Director Jack Gregory following BG's win over Kent in 1987.

# ANNIVERSARY AWARD

**BOWLING GREEN vs. KENT** 

Bowling Green retained possession of the Anniversary Award with a thrilling 20-16 win over Kent last year. Carlos Brooks' interception in the end zone with time running out sealed the victory. The Falcons have now owned the Anniversary Award for five of its first six years of existence, 1985-86-87-89-90. Kent had rights to the traveling award for one year with a victory over BG in 1988. Established in 1985 by the respective alumni departments at BGSU and Kent, the Anniversary Award commemorates the founding of BGSU and Kent in the year 1910 and is presented annually to the winner of the BG-Kent football game. BGSU leads the all-time series with its "sister school," 40-13-6. Kent has been on BG's football schedule more often than any other Falcon opponent. This year's BGSU-Kent game will be played at BG, November 9.

The Peace Pipe is held by (l-r) BG Coach Moe Ankney, Linebacker Joe Foley, Tight End Kyle Hockman, and BG Athletic Director Jack Gregory following BG's win over Toledo in 1987.

# PEACE PIPE

**BOWLING GREEN vs. TOLEDO** 

The Peace Pipe is a traveling award that goes to the winner of the annual gridiron battle between Bowling Green and Toledo. Toledo regained possession of the award with a hard-fought 19-13 win last season at the Glass Bowl. The Peace Pipe tradition actually began on the basketball court during the 1947-48 season. At that time, the teams exchanged a six-foot long wooden peace pipe. The original basketball Peace Pipe disappeared, so, in 1980, the Peace Pipe was reinstated for football. Today's Peace Pipe is a smaller version of the original pipe, resting atop a trophy that displays the score of each football meeting since 1980. BGSU leads the all-time series with Toledo, 29-22-4. This year's BGSU-Toledo game will be played at BG, October 19.

# CHRIS GEIB

Chris Geib joined the athletic department in December 1990 as the director of academic and regulatory affairs. He comments on the many aspects of his job.

Pat Jackson (Football) Kyle Royer (Soccer) What an exciting job to have; working with our student-athletes as they reach for academic, as well as, athletic success. I often comment to potential athletic recruits and their parents that as an athlete at BGSU you really are a member of two teams: the athletic team and the academic team. Bowling Green State University, and the Athletic Department in particular, is committed to excellence in its academics.

The Athletic Department's efforts to support its student-athletes academically are extensive, but function only as an enhancement to the many fine support services that are available to all students at the University. Through our numerous programs - comprehensive tutoring program, time-management and study skills workshops, course and major selection advising, support with personal problems, mid-term progress reports, and substance abuse programming - we intend to have a major impact in assisting the studentathlete achieve success as they move toward graduation and to becoming contributing members in their chosen profession and in society.

In athletics, wins and losses are the gauge for determining success or failure. In the classroom, however, success can be measured in many ways. The media of late has been anxious to measure academic success in terms of a sport's or an institution's graduation rate. Graduation is certainly important and it is our primary objective when dealing with students. But, we prefer to measure academic success in a slightly different manner. We like to use the term "Successful Completion."

Linda Popovich was the recipient of the 1990 Walter Byers Scholarship, the highest individual academic honor awarded by the NCAA.

Successful Completion includes those who have graduated and those who left the institution in "Good Academic Standing", many of whom transferred to other institutions. We are particularly proud of our successful completion rate. For those new student-athletes who entered BGSU in the period 1981 through 1984 the Successful Completion Rate was a very impressive 85.7%.

Yes, success can be measured in many ways and we are confident that at Bowling Green we continue on the correct path for success: both academically and athletically.

Pat Jackson (center) is presented with his All-America plaque by GTE District Manager John Cline. Jackson and Kyle Royer (right) were both three-time Academic All-Americans.

In large measure, Bowling Green State University's success has centered on its ability to offer its students the educational diversity and excitement of a large university, while maintaining the caring and camaraderie of a small college.

As the University completes the first year of the new decade, it continues to build on that past while preparing students for the challenges of the fast ap-

proaching millennium.

Bowling Green's history began in 1910 when it was created by the Ohio legislature as a Normal School for the training of teachers. In 1914, when Bowling Green opened its doors, 15 faculty members and 158 students were present.

Today, the University has nearly 1,000 full- and part-time faculty and 18,000 students on its main campus. Degree programs are offered through the colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology and the Graduate College. Within the undergraduate colleges are schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

In all, the University offers more than 170 undergraduate degree programs, 13 master's degrees in 69 fields of study and doctoral degrees in 14 departments with

more than 60 specializations.

In addition to courses on the main campus, the University's Firelands College campus, located in Huron, Ohio, offers five associate degree programs, as well as courses which fulfill the first two years of a bachelor's degree requirement. Firelands enrollment tops 1,500 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant Colleges.

percent of whom hold Ph.D's, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized. Three academic departments—chemistry, philosophy and industrial/organizational psychology—are home to Ohio Eminent Scholars. The scholar program was created by the Ohio Board of Regents to attract world-class educators and researchers to the state's universities.

While committed to teaching, faculty are researchers as well, generating new knowledge through independent research and involvement in University units such as the Population and Society Research Center, the Center for the Study of Popular Culture and the Social Philosophy and Policy Center.

Bowling Green is also the site of the Na-

tional Drosophila Species Center and the Mid-America Stock Center—the largest scientific facilities of their kind in the world—where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.

The University's students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. Each academic year, more than 1,100 "nontraditional" adult students enroll in undergraduate and graduate programs on a full- or part-time basis.

The focal point of the 1,177-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.6 million volumes plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections which houses materials relevant to northwest Ohio history and the Sound Recording Archives with 400,000 recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry's past and present.

The University is continually refurbishing its more than 100 existing buildings and upgrading facilities to meet current needs. In the past 10 years, nearly \$116 million has been allocated for new construction and remodeling projects.

The University is also meeting the challenge of tomorrow's high-tech education. It currently has 19 computer labs, including one in every residence hall complex, for use by students. And this year, computers are being put into the rooms of Chapman Hall as part of a pilot program which may eventually lead to a computer in every residence hall room.

The Student Recreation Center offers something for everyone.

# **PRESIDENT**

"An Environment for Excellence." Dr. Paul J. Olscamp adopted that slogan for his administration when he became Bowling Green State University's eighth president in 1982.

To create that environment, he charted a course that has moved Bowling Green into the ranks of the country's most important colleges and universities. The effort focuses on teaching, research and service and involves a University-wide commitment to excellence.

Since arriving on campus, everything the president has done has been aimed at fulfilling that vision. Early in his administration, Olscamp and the faculty outlined the task ahead in a 27-goal document called the Role and Mission Statement. Most of the goals centered on improving the quality of incoming undergraduate and graduate students, the academic programs, the learning environment and the faculty and its resources.

Now, as Olscamp begins his 10th year at Bowling Green, many of those original goals have been met and new priorites have been established, including the recruitment of minority faculty and students, and greater emphasis upon research production.

One of his most important accomplishments has been to fully involve the faculty in University governance. Faculty now have a key role in developing the annual budget and share authority with the president in interpreting the University's Academic Charter. The faculty also have greater control over the curriculum and development of new academic programs.

While always a concern, finances have taken center stage in recent years. With a tightening state budget, Olscamp has directed efforts to increase private giving. During his tenure, the school's endowment has increased to nearly \$32 million from \$1.9 million when he arrived. Private contributions in 1990-91 exceeded \$4 million.

In 1985, in an effort to increase minority representation on the campus, Olscamp ordered the creation of the Office of Multicultural Affairs to provide services to assist minority students. Recruitment efforts also were increased, with the Office of Admissions adding a director of minority recruitment. In addition, the University has increased the number of minority faculty, with the assistance of a special minority hiring fund.

Olscamp also brings a personal touch to his presidency. He frequently hosts both students and faculty as his home. He also holds periodic forums with students wanting to discuss campus issues.

A great deal has happened at Bowling Green since 1982. Here are some of the highlights:

### **Academic Programs**

\*Creation of Bowling Green's first endowed professorships, in management,

finance, chemistry and philosophy.

\*Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multibillion dollar growth industry and some key research for that industry is being conducted at Bowling Green.

\*Development of the Center for Quality, Measurement and Automation, the only center of its kind in the state designed to assist manufacturing and other businesses in the design and production of products.

\*The appointments of three Ohio Eminent Scholars in photochemical sciences, moral philosophy and industrial/organizational psychology; the positions are the result of three \$500,000 grants from the Ohio Board of Regents.

\*The addition of doctoral programs in applied philosophy and photochemical sciences; the 13th and 14th Ph.D. offerings at Bowling Green.

\*In 1991, 52 freshmen who are also National Merit scholars enrolled at Bowling Green; in the past four years, more than 180 scholars have attended the University, a total which places Bowling Green among the top 25 universities in the country.

\*Establishment of the University's first major scholarships for minority students.

\*Creation of a network of computer labs throughout the campus, including labs in each residence hall. This year computers are being installed in each room of one residence hall, part of a pilot project which could result in a computer being placed in every residence hall room on campus.

\*Securing more than \$5 million from the Board of Regent's Selective Excellence Programs, which are designed to attract top scholars, conduct pioneering research and develop centers of excellence. Grants have been awarded in both the sciences and the humanities.

\*Expansion of the library's holdings to more than four million items, including 1.6 million books, plus journals, periodicals, microforms, government documents and other materials.

\*Development of the Student Telephone Accessed Registration system which enables students to schedule their classes from a touchtone telephone. The STAR system has made long registration lines a part of University history.

### **Physical Plant**

\*More than \$116 million has been spent in the past 10 years for the construction of new buildings and upgrading existing buildings.

\*Completion of the \$7.2 million Physical Sciences Laboratory Building in 1984 and a \$3.65 million addition to the Business Administration Building in 1988.

\*Work is now underway to construct a \$9.1 million addition to the Fine Arts Building.

\*Major renovation and refurbishing of existing campus buildings including Williams, Overman, Hayes and Shatzel halls, and Eppler Complex. construction of a \$2 million office building to house faculty and staff temporarily displaced by renovation projects and later to be used for permanent offices.

### **University Finances**

\*Creation of an internal endowment fund of \$4 million from various University reserves. The balance is more than \$8 million and is expected to reach \$10 million in two years. Interest on the \$10 million principle will be used to supplement the academic budget.

\*Development of a plan to restructure debt service obligations which is projected to result in a \$35 million principle in 11 years. Interest on that amount, which could approach \$3 million annually, will go toward the academic budget.

\*Completion of the most successful fund raising drive in University history. With the assistance of the development and alumni offices, the 75th Anniversary Fund raised more than \$15 million in three years; well above the \$12.5 million goal. Donations included the University's first two \$1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a \$3 million grant to the Social Philosophy and Policy Center.

# **BGSU DIRECTOR OF ATHLETICS**

Since his appointment 10 years ago as director of athletics at Bowling Green State University, John C. (Jack) Gregory has set a standard of excellence designed to place Falcon men's and women's teams on equal terms with today's elite intercollegiate athletic programs.

To reach these goals, Gregory challenges his staff of administrators, coaches and classified personnel to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate

athletics at BGSU:

• the 1984 NCAA Division I Ice Hockey

Championship;

• 13 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross country, gymnastics, men's golf, and volleyball;

· two California Bowl appearances; · four MAC postseason tournament

championships;

• three Central Collegiate Hockey Association regular season championships;

• one CCHA postseason tournament

championship;

- 15 NCAA Tournament appearances in hockey, basketball, softball and gymnastics, including 11 in the last five years, the most of any MAC school over the period;
- three home NCAA Tournament berths in hockey, softball and women's basketball;
- · and the 1987-88 Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports.

Postseason appearances by the men's basketball and the women gymnastics teams highlighted the 1990-91 year. The appearance of the men's basketball team in the NIT for the second consecutive year marked the first time since the early 60s that the program had earned back-to-back postseason invitations

The 1989-90 school year was highlighted by three Falcon teams advancing to postseason play. Hockey and women's basketball returned to the NCAA Tournament, while men's basketball played in the NIT. In 1989-90, Bowling Green was the only school in the country that sent teams to national postseason tournaments in those three sports.

Gregory came to Bowling Green during one of the most difficult periods in the school's 72 years of intercollegiate athletics, a time when BGSU

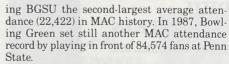

# **JACK** GREGORY

and the MAC were fighting for NCAA Division I-A status in football. Behind Gregory's leadership, the football program attained I-A status.

Record crowds have attended Falcon football, hockey and women's basketball games during Gregory's tenure. Soccer, volleyball, gymnastics and softball are drawing larger crowds, too.

Another "first" during Gregory's tenure occurred in the fall of 1989 when more than 25,000 fans turned out for the first night game in Perry Field history.

In 1983, 33,527 fans packed Perry Field to witness the Bowling Green-Toledo football clash, one of college football's best rivalries. BGSU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for five home games, giv-

Sell-out crowds for BGSU hockey games are a tradition. The 1989-90 season featured the addition of 1,700 seats to the BGSU Ice Arena, and all attendance records were broken, including single game (5,005) and season (79,376) marks.

With the world of college athletics changing constantly, it is important for Gregory to be as active on the national level as he is. Gregory has served on numerous NCAA committees including the Executive Committee and is one of the most active athletic directors on a national level in the MAC. He has also served in many different capacities on the conference level, in both the MAC and CCHA.

Gregory, 63, has also been instrumental in the development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed all of northern and west central Ohio, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that is compares favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed an academic coordinator in 1984, the first such appointment in the MAC

Many BGSU student-athletes have excelled in the classroom. Volleyball's Linda Popovich became the MAC's first female to receive the Byers Scholarship in May, 1990. There were more than 170 BGSU scholar-athletes with grade point average of 3.0 or better in 1990-91, including one who was named an Academic All-American, raising the total to 15 Academic All-Americans in the last five years.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory was a teacher and coach at William Penn High School in New Castle, Delaware, and later at P.S. Dupont High School in Wilmington, Delaware. In 1959, he returned to East Stroudsburg as head football coach and assistant professor of physical education. One of the most successful coaches in the school's history, Gregory was inducted into the East Stroudsburg Athletic Hall of Fame in October, 1983.

In 1965, Gregory was named assistant football coach at the U.S. Naval Academy. Two years later, he was named head football coach at Villanova University. In 1969, he moved to the University of Rhode Island, where he served as head football coach for seven years.

In his 25 years as a head coach, Gregory's teams compiled a record of 132-69, including four undefeated seasons and seven league championships. He was twice selected as NAIA Coach of the Year, twice selected as Pennsylvania Coach of the Year and was named NCAA District Coach of the Year once.

Gregory joined the Green Bay Packers of the National Football Legue in 1976 and served in the personnel department for three years, before becoming associate athletic director at Yale University from 1978-82.

Jack and his wife, Peg, reside in Bowling Green and are the parents of two sons and two grandchildren.

Center Brian Sherman will again be protecting quarterback Erik White this season. White had the best day of any MAC quarterback last year throwing for 299 yards in this game against Western Michigan.

Sophomore tailback George Johnson led the team in rushing last season and is one of three letterwinners returning at the position.

The defense is again expected to be the strength of the team led by the return of the people in the photo - Ken Burress (3), Kevin O'Brien (48), Paul Harris (beside O'Brien), Mark Ross (64), Steve Wilbourne (92).
